

Environmental Commitments

We try to make a difference every day through our economic, social and environmental practices throughout our business to improve the health of the planet and the lives of all those we impact.

72k **5%** **115k** **100%**

Average number of shoes removed per month Annual percentage increase of compostable paper products used Pounds of organic material composted in 2018 Percentage of soup and coffee cups and lids that are 100% compostable

We know there is always more to be done and strive for continuous improvement of our practices and setting new sustainability goals for a brighter future.
